I gave my word, I made a promise
And I'm gonna keep it till the end
What would I do, if I lost it
There's nothing better than what we have

Somehow in my mind
Always knew I'd find my

Beautiful one, Beautiful child, my everything
Beautiful one, Beautiful child

So much you give so much to live for
And I wanna give it all back to you
And if it means pouring my heart out
To show you I love you, then I will

Beautiful one, Beautiful child, my everything
Beautiful one, Beautiful child

To be the one to call you mine
To feel the way I do inside
You're so much more than I ever dreamed
This is forever I believe

Beautiful one, Beautiful child, my everything
Beautiful one, Beautiful child,
I know you're the one I need
Beautiful one, Beautiful child
