you lay me down  
whisper in my hears  
you made me believe it's my name you call  
but it's his name i hear  
you promise me  
the thiked things  
when you tell me you love me  
you told me lies cause you love him  
and i'm missing your love  
everyday  
i'm missing your love  
everyway  
all tho your here with me  
i'm still missing your love babe  
and when we talk  
you look into my eyes  
when you'r talking to me  
but baby i see he's on your mind  
ohh ya  
and i'm missing your love everyday  
i'm missing your love everyway

tho your here with me  
babe i'm missing your love  
oh and i  
i reach out for you  
and you turn away  
well it takes  
all i can do to make it thru the day  
and i'm missing your love  
ohh baby baby  
and i'm missing your love  
evryday  
i'm missing your love  
everyway  
tho your here with me  
baby i'm missing your love  
ya as i am baby  
don't you know don't you know don't you know babe  
hummm hummm
