You always know how to get me off my feet
When I'm so tired my spirit is dragging
You always know what it takes to make me scream
Even when the silence could be golden
You always know how to get me wired
Even if I'm all depressed
You hit me square in the face and knock me down
I know I ain't seen nothing yet

Fast strike - You make a fast strike
You make a fast strike - Yes you do
Fast strike - You make a fast strike
You make a fast strike - Yes you do
You always know how to pick me up
Even though I'm pushed around
You get me high, you get me high
We ain't never coming down
You always know how to make me feel alive
Even when I'm dead in space
Take me on your mystical trip
We gotta get outta this place

Fast strike - You make a fast strike
You make a fast strike - Yes you do
Fast strike - You make a fast strike
You make a fast strike - Yes you do

You always know how to get me off my feet
When I'm so tired my spirit is dragging
You always know what it takes to make me scream
Even when the silence could be golden
You always know how to get me wired
Even if I'm all depressed
You hit me square in the face and knock me down
I know I ain't seen nothing yet

Fast strike - You make a fast strike
You make a fast strike - Yes you do
Fast strike - You make a fast strike
You make a fast strike - Yes you do
