Viewed from the darkest hole  
Outward face looking up  
Despair viewed down on, down on , down on  
Marked by a deeper scar  
Find the light i look for, look for, look for  
These scars cause falls

I have need for outward  
Do i have to wait?  
Wait for this  
I begin the long climb back on this rough terrain - long

Dragged down to a new depth  
Balance lost again, again, again  
These scars cause falls

I have need for outward  
Do i have to wait?  
Wait for this  
I begin the long climb back on this rough terrain - long
