I only turned to see
What hand had set this inner field
Alight against the flame I see
The outline of a man against a night

Take back your sympathy
I do not need to drink that bitter stuff
I'd rather break the thread
That bound us close, and say we called a bluff

Casual match
In a very dry field
What could be
The season's yield?

Casual match
In a very dry field
What could be
The season's yield?

My eyes have gone to coal
It's nothing I would be concerned about
Observe the moment
When the heat of love becomes the chill of doubt

Casual match
In a very dry field
What could be
The season's yield?

Casual match
In a very dry field
What could be
The season's yield?

Casual match
In a very dry field
Fire and ashes
Is the season's yield

Look for the sign
But it is not revealed

Fire and ashes
Is the season's yield
