I didn't say we wouldn't hurt anymore  
That's how you learn you just get burned  
We don't have to feel like dirt anymore  
Though love's not learned baby it's our turn  
We were always looking for true love  
With our heads in the clouds  
Just a little off course  
But I left that motor running  
Now if you're feeling down and out

Come on baby drive south  
With the one you love  
Come on baby drive south

I'm not talking about retreating no sir  
Gonna take our stand in this chevy van  
Windows open on the rest of the world  
Holding hands all the way to dixie land  
We've been trying to turn our lives around  
Since we were little kids  
It's been wearing us down  
Don't turn away now darling  
Lets fire it up and wind it out

Come on baby drive south  
With the one you love  
Come on baby drive south

I heard your momma calling  
I think she was only stalling  
Don't know who she's talking to  
Baby me or you  
We can go south with a smile on  
Ain't going to pack my nylons  
Just leave these legs showing  
It gets hot down where were going

We were always looking for true love  
With our heads in the clouds  
Just a little off course  
But I left that motor running

Now if you're feeling down and out

Come on baby drive south  
With the one you love  
Come on baby drive south
