Some people say you can tell right away
If your love will stand, if your love will fall
They will give you odds, they will quote you statistics
Oh, But thinkin' don't figure into love at all
Hey, I've got a feeling
I'm gonna love you my whole life through
Hey, I've gotta feeling, about you
First time I saw you, you were mixing cocktails
It was two for one or was it four for two
All I remember was watching you and thinking
That one of these days I wanna be waiting on you
Hey, I've got a feeling
I'm gonna love you my whole life through
Hey, I've gotta feeling, about you
--- Instrumental ---
Well, You looked up at me
Like you done heard it all before
From some lovin'. leavin', liar
Who don't come around no more
Well Honey, I'm not her and she's not me
And the sooner we get that straight
You know the happier we will be
Hey, I've got a feeling
I'm gonna love you my whole life through
Hey, I've gotta feeling, about you, about you
Look at us a few miles later
You can see our dent, you can see our rust
They say we're wearing out,
They say we ain't gonna make it
If they don't believe it they can, eat our dust
Hey, I've got a feeling
I'm gonna love you my whole life through
Hey, I've gotta feeling, about you,
About you, about you, baby
Hey, I've got a feeling
I'm gonna love you my whole life through
Hey, I've gotta feeling, about you, baby...
