Here comes the rain again  
Falling on my head like a memory  
Falling on my head like a new emotion  
I want to walk in the open wind  
I wanna talk like lovers do  
I want to dive into your ocean  
Is it raining with you

So baby talk to me  
Like lovers do  
Walk with me  
Like lovers do  
Talk to me  
Like lovers do

Here comes the rain again  
Raining in my head like a tragedy  
Tearing me apart like a new emotion  
Ooh ooh  
I want to breathe in the open wind  
I wanna kiss like lovers do  
I want to dive into your ocean  
Is it raining with you

So baby talk to me  
Like lovers do  
Walk with me  
Like lovers do  
Talk to me  
Like lovers do

Here comes the rain

So baby talk to me  
Like lovers do  
Walk with me  
Like lovers do  
Talk to me  
Like lovers do
