Look at the two of us  
We are silver turned to rust  
And I just can't remember how to shine  
You took my breath away  
Thought that I could live on you  
Now I feel I'm suffocating all the time  
All this time

Love can't save us now  
Sometimes all that's left is crying  
We broke something we can't fix somehow  
And love can't save us now

There's a chance you take  
When you give your heart away  
It might not be coming back to you  
And when I think of us  
I remember how it was  
Before we did what we could not undo  
And let it go  
Let me go

Love can't save us now  
Sometimes all that's left is crying  
We broke something we can't fix somehow  
And love can't save us now

What do you say when your time comes?  
Did you let it slip through your hands?  
What do you say when you're too far gone,  
To find your way back home again?

Love can't save us now (It can't save us now)  
Sometimes all that's left is crying  
We broke something we can't fix somehow  
And love can't save us

Love can't save us now (Oh yeah)  
Sometimes all that's left is crying  
We broke something we can't fix somehow  
And love can't save us now
