Ahh ahh ahh ahh...

Take my hand and walk with me, talk to me, babe I'm in  
the dark  
Lately you've been acting strange, acting crazy, why  
did this start?  
Sunlight always comes before the rain  
And when you lose your disguise, I see that look in your  
eyes again

Pick me up, push me down, you've got me spinning  
around  
I say yes, you say no, it's always stop and then go  
Why am I crying, if we're fine? You should be drying my  
eyes  
Pick me up, push me down, get me off this merry go  
round  
And round and round and here we go, round and  
round and round again

Who'm I going to see today, it's OK I will never leave  
What excuses can I make, can I fake it, I still believe  
Sunlight streaming down you wild face  
And when you lose the disguise, I see that look in your  
eyes again

Pick me up, push me down, you've got me spinning  
around  
I say yes, you say no, it's always stop and then go  
Why am I crying, if we're fine? You should be drying my  
eyes  
Pick me up, push me down, get me off this merry go  
round

Slow down, we've been turning for too long  
Slow down, cause I'm barely holding on  
And I don't know if I can make it another time around

Hey... pick me up, push me down, you've got me  
spinning around  
I say yes, you say no, it's always stop and then go

Why am I crying, if we're fine? You should be drying my  
eyes  
Pick me up, push me down, get me off this merry go  
round

Pick me up, push me down, you've got me spinning  
around  
I say yes, you say no, it's always stop and then go  
Why am I crying, if we're fine? You should be drying my  
eyes  
Pick me up, push me down, get me off this merry go  
round  
And round and round and here we go, round and  
round and round again
