I'm a prisoner of my imagination
And you're a character in my own creation, yeah
I never know if what you say is real
I never know how I'm supposed to feel so I
Figure everything out by your reaction
And I just just just

I just push you so hard, you wanna pull away
Hold you so tight, I'll make your body ache
Ride you until you're nearly breaking
If you're really the one, you're really the one
I'll call you all night so that you stay awake
Love you until it's just too much to take
Push you so hard, you'll pull away
But if you're really the one, you're really the one
You'll stay
Say you'll stay

I can never be both of our emotions
But I can smother you in my expectations, yeah
I never know how much to say to you
I never know if all of this is new but I'm
Hoping we can meet halfway with some patience
When I just just just

I just push you so hard, you wanna pull away
Hold you so tight, I'll make your body ache
Ride you until you're nearly breaking
If you're really the one, you're really the one
I'll call you all night so that you stay awake
Love you until it's just too much to take
Push you so hard, you'll pull away
But if you're really the one, you're really the one
You'll stay

Do you think I'm weird and crazy
Or do you kind of like what I'm made of
Maybe I (?)
All the people might say that it's not nice
Say you'll stay

I just push you so hard, you wanna pull away
Hold you so tight, I'll make your body ache
Ride you until you're nearly breaking
If you're really the one, you're really the one
I'll call you all night so that you stay awake
Love you until it's just too much to take
Push you so hard, you'll pull away
But if you're really the one, you're really the one
You'll stay
If you're really the one, you'll stay
If you're really the one, you'll stay
