I was born to be in your arms
I was born to feel like this
And every time that you come closer
It's a rush I can't resist

When you call my name
It's like you're lighting up the day
Life is just more beautiful
Every step we take

You are the one for me
From the moment that I saw you
I knew you'd be my everything

I can't get enough
But you always give me what I need
You are the one for me

That's forever there in your eyes
And that's heaven in your voice
And when I think about the future
To be with you is my only choice

'Cause when you're gone it feels
As if the heart in me just stops
I need you around
Without you I get lost

You are the one for me
From the moment that I saw you
I knew you'd be my everything

I can't get enough
But you always give me what I need
You are the one

You're the hand that's guiding me
And made me see how much you'd be
And I thank God for giving me my dream

You are the one for me
From the moment that I saw you

I knew you'd be my everything

I can't get enough

But you always give me what I need

You are the one for me
