Verse 1: Baby girl, you know my situation. But sometimes I know you get impatient. But you don't shows and ghetto faces take to core and go through litergation. And i respect your gangsta treat like a princess and put something on your neck to thank ya. She's my pen-chedda. With the starting line up I come off the bench with her. It might sound like I'm passin ya. But it take time to get from the back seat to the passenga. We been creepin and sneakin just to keep it from leakin. We so deep in our freakin that we don't sleep on the weekend. Wifey a little bit up-tight wondering why I keep coming home in the middle of the night. It'll be alright. If ya'll bump heads It'll be a fight, but I said It'll be alright you know.

Chorus: I really want to be with you. But I got to be real with you. I can't leave you alone. I know I'm living wrong but I can't let you go. Your the one I want in my life. I already got a wife. I can't leave you alone. I know I'm living wrong, but I can't let you go.

Verse 2: You ain't never step out of line or get out of pocket so I made sure Canary sit out your locket. To protect you I get out and cop it. And you know to battle up my guns is big enough to spit out a rocket. (Oh!) You gone take them if cops do come through. I got to keep I top down if my drop do come through. But I know the boutiques and shops you run through. So I cop her one and cop you one too. You always them daily pays and weekly rings plus you ain't too shy to do them freaky things. I ain't got to put no band on your. I worrying about you telling the whole world while I'm springer. At first you was something I denied, something I would slide, just to do something in the ride. But shorty it's something you provide. Plus Andre ain't as good without something on the side you know.

Chorus

Verse 3: Uh, oh! I might be leaving the earth soon. My girl gone kill me if she smell the scent of your perfume.

It's gone be the Clip-toss if I go back with stains of you
lip gloss on my throwback. She won't care if I'm a
platinum rapper if she catches me with an empty
Magnum wrapper. So keep it on the down low. Don't call
the cops. Tell them you seen what happened with
Mr. Biggs and R. Kelly. Uh!

Lil. Mo: You know I care for you. ANY time this chick is
there for you. Spending time to share with you this
makes it a little more clear for you
