I got the toughest little act in this goddamn town
I got the meanest little mouth for miles around
make no mistake about it, I ain't no shrinkin' violet ahh?
no need to contemplate it, just don't you underrate it
you can't intimidate it, this little lady love life

I was born makin' noise, I may be a girl but I'm one of
the boys

I was born makin' noise, ain't nobody gonna put me
down

I got the sweets little smile in this neighborhood, yes i
do

killles eyes that vaporise, I'm bad when I'm good
don't you debate about it, you want it, I got it ahh?
no need to criticize it, no need to analyze it,
but can you fantasize it, this leather lady loves life

I was born makin' noise, I may be a girl but I'm one of
the boys

I was born makin' noise, ain't nobody gonna put me
down

Ain't nobody gonna put me down

Well, I'm the toughest little chick, don't you make me
mad

I got the meanest little mought, I'm good when I'm bad
make no mistake about it, ain't no shrinkin' violet ahh?

don't try to keep me quiet I'm loud i can't deny it

it's time to start a riot, this leather lady loves life

I was born makin' noise, I may be a girl but I'm one of
the boys

I was born makin' noise, ain't nobody gonna put me
down

I was born makin' noise, I may be a girl but I'm one of
the boys

I was born makin' noise

ain't nobody, ain't nobody, ain't nobody gonna put me
down

I was born makin' noise,

Makin noises with the boys

I was born makin' noise,

Makin noises with the boys

I was born makin' noise,

Makin noises with the boys

Don't you forget about it,

I ain't no shrinkin' violet

no way to keep me quiet,

I'm loud I can't deny it.
