(Quatro)

Get back, Mamma

You've been holdin' me down too long

You're always sayin' I can't make it alone

Music taking up all of my day

Make or break, but I'll do it my way

Get back, Mamma

You've been holdin' me down too long

Good-bye, Mamma

I appreciate your lovin' care

Packed my bags and I'm off to I don't know where

You may be right and you may be wrong

I'm still young and I'm going strong now

Get back, Mamma

You've been holding me down too long

Get back, Mamma

You've been holdin' me down too long

You're always sayin' I can't make it alone

You may be right and you may be wrong

I'm still young and I'm going strong now

Get back, Mamma

You've been holding me down too long
