She's in love with you, that's all she wants to do
She'll never let you down, she'll never fool around
'Cos she's in love with you

So if you see her all alone one night walk up to her
discreetly, ask her why
And if she replies with words that don't make sense it
may be just because she's shy
Don't take advantage of her lack of understanding just
because you think you could
Treat her right, treat her good, take her home and
make her feel the way she should

'Cos she's in love with you, that's all she wants to do
She'll never let you down, she'll never fool around
'Cos she's in love with you
She's in love with you, that's all she wants to do
She'll never let you go, she may not let you know, but
she's in love with you

So if you happen to be out one night and someone asks
you where you're gonna go
Just remember she's not like the other girls she may
not want them all to know
Though she may need a little time she never wants to
stand in line the way they would
So treat her nice, treat her good, treat her like you
know you should
You may never find another girl like her

'Cos she's in love with you, that's all she wants to do
She'll never let you down, she'll never fool around
'Cos she's in love with you
She's in love with you, that's all she wants to do
She'll never let you go, she may not let you know, but
she's in love with you

So take her home and hold her close, touch her where
she feels it most, but be true
And when she's making love to you, she'll do what you
want her to
Treat her good, treat her like you know you should

You may never find another girl like her

'Cos she's in love with you, that's all she wants to do
She'll never let you down, she'll never fool around
'Cos she's in love with you
She's in love with you, that's all she wants to do
She'll never let you go, she may not let you know, but
she's in love with you
She's in love with you, that's all she wants to do
She'll never let you go, she may not let you know, but
she's in love with you
'Cos she's in love with you, that's all she wants to do
She'll never let you down, she'll never fool around
'Cos she's in love with you
