Well you thought you got an angel
But I'll tell you it just ain't so
This careless mamma ain't no baby don't you know
When you touch me you set me aglow
And when I'm in your arms I really don't wanna go
You can make me want you
But I ain't gonna love you
Ain't gonna be the one at home waitin' for you
I feel the rhythm but I'm never gonna feel the pain
Lady little lady
I'm an actress in your game
Dancin' and romancin'
What you tryin' to gain
Just lead me up to your bed
But if I stay all night
I'm gonna get inside of your head
You can make me want you
But I ain't gonna love you
Ain't gonna be the one at home waitin' for you
I feel the rhythm but I'm never gonna feel the pain
Just like the rain is falling
Tears pour from my eyes
You know the way you feel
For me came as no surprise
I guess I'll be moving on
'Cos another lover's arms
Are waiting for me to call
You can make me want you
But I ain't gonna love you
Ain't gonna be the one at home waitin' for you
I feel the rhythm but I'm never gonna feel the pain
I feel the rhythm but I'm never gonna feel the pain
