Well, I was sitting in my room playing on my old guitar

Thinking about you, baby acting like a movie star

When the telephone rang

They said you're at the local bar

So I jumped and ran as fast as a man can run

Don't know where but the night was made for fun

'Cause if I ever loved a woman, baby

You're the only one

So, let's rock this place

Let's rock this place

Let's rock this place

Till everybody says it's alright

Let's rock this place, let's rock this place

I want a whole lot of gimme, gimme

'Til the whole room shakes and shimmies

Let's rock this place, rock this place tonight

When I saw you in the corner

I knew you was waiting for me

Well, you had the look about you

You surely make a blind man see

And if you froze a million dollars

You'd give it to me all for free  
So, let's rock this place  
Let's rock this place  
Let's rock this place  
Till everybody says it's alright  
Come on let's rock this place  
Let's rock this place  
I want a whole lot of gimme, gimme  
Till the whole room shakes and shimmies  
Let's rock this place  
Rock this place tonight  
Come on let's rock this place  
Let's rock this place  
Let's rock this place  
If everybody says it's alright  
Let's rock this place  
Let's rock this place  
I want a whole lot of gimme, gimme  
Till the whole room shakes and shimmies  
Let's rock this place  
Rock this place tonight  
Yeah, let's rock this place  
Rock this place tonight
