If I wanted to
I could stand up right now walk away from you
If I wanted to
There's a part of me
That would like to believe, but it isn't true
I'm tied to you
It's a natural thing and I can't resist it
These feelings you're stirring up, I never knew existed

I surrender
There's no use in fighting
As strong as I am, this is stonger than me
I'm outnumbered
So many emotions are holding me down
And setting me free, so tender
This pull on my heart, I surrender

It amazes me
When I look in your eyes how clear I see
It amazes me
There's a part of you that's a part of me too and it calls
to me
It's like destiny
It's a natural thing that I've been concealing
I'm gonna drop my defenses and give in to this feeling

I surrender
There's no use in fighting
As strong as I am, this is stonger than me
I'm outnumbered
So many emotions are holding me down
And setting me free, so tender
This pull on my heart, I surrender

So many emotions are holding me down
And setting me free, so tender
This pull on my heart, I surrender
