We've sure had the snow for December  
Just one open road to town  
But it's three night's runnin', I've stood here  
Watchin' you headed back down that yellow river road

Now this winter is closin' in  
Looks like it's gonna be long and hard  
Go on down, be with your friends  
Just don't go too far

Down the yellow river road  
You know I always say that you ought to go  
When you need some time alone  
But if there's anything else pullin' you down that way  
Then you ought to know, you've gone too far  
Down the yellow river road

That road goes lots of places  
But don't forget it's my road too  
And I won't have friends with guilty faces  
Watchin' me walkin' with you down the yellow river road

Could be all this snow that's fallin'  
Makin' me think there's something wrong  
But that road goes both ways darlin'  
And you could come home

Down the yellow river road  
You know I always say that you ought to go  
When you need some time alone  
But if there's anything else pullin' you down that way  
Then you ought to know, you've gone too far

Down the yellow river road  
You know I always say that you ought to go  
When you need some time alone  
But if there's anything else pullin' you down that way  
Then you ought to know, you've gone too far  
Down the yellow river road  
You've gone too far  
Down the yellow river road
