I'm alive, and I'm here to stay
I wanna show you, that it can happen someday
But I need to prove, why I'm standing here
I want you all to know

That you can do it, the way I did
You can live it, the dream that I dream
But I need to prove, why I'm standing here
So please get ready now

We're ready to go, ready to show, so come on down
'Cause I'll be the party
We're ready to go, so come on baby I'll be the party

Come and get me, say you will
I wish you knew me, and the way that I feel
'Cause all I want is, what I've got, and being here with
you

Just let me get this one, there's no second chance
You can only pull back, what you got in advance
I just need to prove, why I'm standing here
Please get ready now

Tonight the music's gonna move your feet
With every soul emotion on a beat, get ready
