[C-Murder]

What's up Magic dawg?

Let's go roll to the club, ya dig?

Call Ke'Noe, Carlos and um let my nigga have it.

[C-Murder/Magic]

Doing my club thang, getting my drank on

Smoking on weed and sipping on Thug Passion

Doing my club thang, getting my dance on

And watching them bitches taking their clothes off

[Magic]

Put your drank down nigga, put your drank down nigga

Put your drank down nigga, put your drank down nigga

Put your drank down nigga, put your drank down nigga

Put your drank down nigga, put your drank down nigga

[C-Murder]

Hoody Hooo in the speaker, girls bouncing and
tweaking

Your baby mama on stage, dawg I know you feel
played

But I ain't tripping, steady sipping, getting higher then
a blimp

Ask your old lady nigga, I'm a No Limit pimp

We won't fall, many plaques on the wall

Smoke weed till I fall, pass it dawg, and tricks shaking
like a dog

Two minutes, I'm in it, won't doubt that I finish

That bitch know I'm No Limit, so she know I'm a hit it

What's my name (C-Murder)

And what I used to be (a murderer)

And when I hit it, what I'm a do (hurt ya)

And why you let me hit it (you deserve ta)

[C-Murder/Magic]
