"It feels so cold," I hear you say.  
I see your eyes are turning grey,  
And your tears, they blind away,  
So I can't find you.

I feel you stand. I feel you sway.  
I feel you push your strength away,  
Surrendering to hopelessness' embrace.  
But I can't let you if you...

[Chorus]

Fall Awake

I'll try to save you, nothing can take you down to  
Run away

I'll try to race you, I'll try to chase you down  
Fall awake

I'll try to shake you, nothing can bring you 'round to  
Fall awake

Nothing can phase you, nothing can break you down

And your dreams, they feel displaced,  
And your kiss leaves bitter taste,  
And my hands, they touch your face,  
But I can't feel you.  
If I could wake up standing in your place,  
If I could kiss the tear drops from your face,  
And if I could dress your wounds in lace,  
You know I'd try to...

[Chorus]

If you find you're reaching for a lie,  
Wishing for an ending to this crime,  
And if your heart can't beat in time,  
Reach, reach...  
Take mine

Fall awake

Run away

Fall awake

(You might take it; you might chase it; you might shake

it; I might break it.)  
Fall awake  
Nothing can phase you, nothing can break you down

[Chorus]

Fall awake
