Rise above, rise above

Steal away

to hide your shame

Rise above, rise above !

Rise above your oppression

Above the one

that hates you

Above the one that lies

Above the pain that hates

Death ! Fear ! Rage !

Rise above your depression

Above the one that kills

Above the one that hates

Above all of the pain

Fear ! Death ! Rage !

Rise above, rise above

Rise above

Rise

Rise

Rise

Rise above your oppression

Above the pain  
and suffering  
Above the one  
that hates you  
And kills you  
Through all of your life
