Conceived in a hell beyond your depth of perception  
Chaotic case of conquering domination  
Psychopath snaps, fired chains of imprisonment  
A bludgeoning force that's undermining the  
government

Bridge:

Inflict strain upon the structure  
Collapsing below my pressure  
Inflict strain upon the structure  
Collapsing below my pressure

Chorus:

Break of the Edgecrusher  
Break of the Edgecrusher  
Break of the Edgecrusher  
Break of the Edgecrusher  
Break of the Edgecrusher  
Break of the Edgecrusher

The purist, non-conformist, jaded subhuman terrorist  
From flesh to steel & blood to blade, I fight to exist  
A rival of justice, extreme rush of hatred  
Survival in a twisted world where nothing is sacred

(Bridge and Chorus 2x)

Break of the Edgecrusher  
Break of the Edgecrusher
