Escape, escape

Escape confusion

Escape animosity (X2)

From morality

A morbid animosity

Addicted to the epidemic

That deteriorates progression

Escape confusion

Escape animosity

Desperately washing away

The gore that's hidden beneath the dismay

Thoughts of eternal despair

And self hate

Escape confusion

Escape animosity

Terrorism within

Dreams become reality

Visions of hope

Attempt to escape

Attempt to escape

Attempt to escape the sickness!

Terror

Dreams become reality

Visions of hope

Attempt to escape

Attempt to escape

Attempt to escape the sickness!

Repeat 1st verse
