Consumed with memories that preceded today

Given a chance to bereave life that's slipping away

Suffered through tragedy of my slow decay

Deceptive tendencies dragged my soul away

All that I know there was no God for me

Force that shatters all, absence of mortality

Revive all my fears

Revive wasted tears

Revive void within

Revive once again...

Forsaken by destiny, forsaken by my own mind

I must remove my skin to see belief in your eyes

All that I know there was no God for me

Force that shatters all, absence of humanity

Revive all my fears

Revive wasted tears

Revive void within

Revive once again...

Reach for the sky

Touch the sky

Revive a hope

For mankind
