Judges are decimated

Meanings of our laws

Already guilty ?

Something has a flaw

Wrongly accused

Blindly accused

Open your eyes

Try to realize

Chorus :

Don't you know

You can't see

Too damn blind

To judge me !

Wrongly accused

Blindly confused

Open your eyes

Try to realize

Repeat Chorus

Laws are meant to follow

But they've misled you

Conceal their meanings

So they can suit you
Misjudged by the system
No one ever knows
Adding injury to insult
No one ever knows
No one
No one knows
No one
No one
No one knows
Judges are decimated
Meanings of our laws
Already guilty ?
Something has a flaw
Wrongly accused
Blindly confused
Open your eyes
Wake up, realize !
Repeat Chorus, 3rd verse
Scapegoat
Scapegoat
Scapegoat
Scape - Goat
Scape - Goat
