(Verse #1)

Is it me or is it you?

And tell me why we do the things we do

So, you want to come crawling back to me

But you say that just can't be

(Pre-Chorus)

I've seen the darkness in you

I don't need another excuse

You take my life away

But today is just another day

(Chorus)

I bleed the same color that you do

You're not breathing, I mean it

I threw everything I had away for you

You're not breathing, I mean it

You've made a fool out of me for the last time

FOR THE LAST TIME

I'm breathing, I'm breathing, I'm breathing in.

(Verse #2)

So, you're standing there confused again

Trying to be something you never could have been

Staring up at the sky, hoping everything will be alright

Just remember breathe in, breathe out

You're still mine

(Pre-Chorus)

I've seen the darkness in you

I don't need another excuse

You take my life away

But today is just another day

(Chorus)

I bleed the same color that you do

You're not breathing, I mean it

I threw everything I had away for you

You're not breathing, I mean it

You've made a fool out of me for the last time

FOR THE LAST TIME

I'm breathing, I'm breathing, I'm breathing in.

(Chorus)

I bleed the same color that you do

You're not breathing, I mean it

I threw everything I had away for you

You're not breathing, I mean it

You've made a fool out of me for the last time

FOR THE LAST TIME

I'm breathing, I'm breathing, I'm breathing in.

(Pre-Chorus)

I've seen the darkness in you

I don't need another excuse

You take my life away

But today is just another day
