I'm carrying this weight on my back  
I feel like a freight train derailed from it's track  
I have trouble catching sleep  
And when I do, I dream about songs with the colour  
blue

Cause love has made me hazy  
It has a lot to do with you  
A sophisticated lady  
Who can tie her own shoes

You know that I'm a fool, who tries to stay cool  
But I just tripped and now I'm falling

Face down  
Flat on the ground  
You know it  
Girl I'm falling face down  
When I touch down  
Don't blow it

Is it what I think or what I feel?  
Can love really make me bow and kneel?  
Cause I've promised myself lately  
That I would try not to reveal  
But you unbox me baby  
In a way that's just surreal

You know that I'm a fool, who tries to stay cool  
But I just tripped and now I'm falling

Face down  
Flat on the ground  
You know it  
Girl I'm falling face down  
When I touch down  
Don't blow it

I've closed up shop,  
Cause I've been hurt before  
But you came knocking on the door

Rattling the lock  
And so forcing it to break  
You've got just what it takes

Face down  
Flat on the ground  
You know it  
Girl I'm falling face down  
When I touch down  
Don't blow it
