### "Lord Knows, I Can Be Strong"

Dawn is breaking from neon  
All your leaves are burning brown  
I can wait for eons  
Until then  
I will stay here  
Like a door that keeps revolving  
It will spin you round and round  
Some day love will blind me  
Until then  
I will stay here  
Show me all your strength  
I know you can save me  
From myself  
Lord knows, I can be strong  
Put your two and two together  
Close your eyes and count to ten  
Some day life will greet me  
Until then  
I will be here  
Show me all your strength  
I know you can save me  
From myself  
Lord knows, I can be strong
