The crowd shouted burn  
Die, die  
The priest shouted die  
If you are a witch  
You can save me from the pain  
If you are a witch  
You can take me from the grave  
If you are a witch  
You can keep away the flames  
If you are a witch  
You can save your own self  
NO - NO  
I am innocent  
You see  
I have blue eyes  
If I were a witch  
I would throw them to the pit  
I love my life, God is my witness  
I have no magic spells to help myself  
So religion crucifies me
