I disappear,  
I lost control,  
My body's moving,  
All on it's own.  
I watch myself,  
Walk away,  
A foreign spirit,  
took my place.

And he's there,  
Inside the door,  
So my exit is riding my pulse.  
Burst of black,  
Breath of smoke.  
I disappear,  
I lost control.

I,  
I disappear(x3)

I disappear,  
I lost control,  
My body's moving,  
All on it's own.  
I watch myself,  
Walk away,  
A foreign spirit,  
took my place.

I,  
I disappear(x3)

How could I resist,  
It's all I've wanted  
now I guess I've got it.  
Why it had been back, don't know,  
I hope this doesn't last forever.

I, disappear(x4)
