You have a father  
there is another  
You have a sister  
there are no brothers  
You have good friends  
You have a lover  
when friendships end, you'll still love her

but it's Theresa that you love the best

There was a flood  
a world of water  
the Mason's wife, swam for her daughter  
1,000 people did what they could  
they found a steeple and tore out the wood  
500 pieces means 500 float  
1,000 people means 500 don't  
and it's Theresa that they love the best

I've said it before and I'll say it again  
all fires have to burn a life  
all fires have to burn a life

from near his heart he took a rib  
all fires have to burn a life to live  
from near his heart he took a rib  
for all fires have to burn a life to live

So it's Theresa that I love the best
