When you go
You don't know what you get
You might end up all alone
Through the night
The darkness of my eye
You might end up all alone

Stay Tonight
I don't want you to go
I don't even know your soul

In a dream
You come to me in the dark
You are leaning to my head
Cause you were strong
You told what to do
Now I'm leaning on myself
Stay Tonight
I don't want you to go
I don't even know your soul

Through the night
To the morning gold
I am leaving for the stars

Stay Tonight
I don't want you to go
I don't even know your soul

Through the night
To the morning gold
I am leaving for the stars
