I see problems down the line
I know that I?m right.
There was a dirt upon your hands
doing the same mistake twice
making the same mistake twice

Come on over and be so caught up
its not about compromising.

I see problems down the line
I know that I?m right
I see darkness down the line
I know its hard to fight.
There was a dirt upon your hands
doing the same mistake twice
making the same mistake twice.

Come on over
be so caught up its all about compromise.

I see problems down the line
I know that I?m right.

Don?t let the darkness eat you up (8x)
