A compromise,
Between honesty and lies,
'Till bleeding past,
Their sly disguise.

My moves are slow,
But soon they'll know.
My moves are slow,
But soon I'll know.

Behind the scenes,
They grow their schemes.
Hiding, their intentions,
Revealing all their fractures.

Their moves are slow,
But soon you'll know.
Their moves are slow,
But soon you'll know

They'll keep on whispering their mantra's.
We'll keep on whispering our mantra's.
They'll keep on whispering their mantra's.
We'll keep on whispering our mantra's.

My moves are slow,
But soon they'll know.
Their moves are slow,
But soon you'll know.

They'll keep on whispering their mantra's.
We'll keep on whispering our mantra's.
They'll keep on whispering their mantra's.
We'll keep on whispering our mantra's.
