The enigne devine/ is inside madeline / The stardust is  
yellow and red / And its mapping out of time inside of  
her head...

Now there's always Madeline / Rising up from where  
our limbs intertwined / Now walking a random invisible  
line / Clutching like snow to the side of the vine...

You are free, free to do nothing / You are free to drift  
across the sky / You are free to be a shape just  
becoming / Now you're free, inside Madeline...

Dropping a tear in the palm of my hand / Making her  
mark in desicate land / Bring light to Madeline / Bring  
new life to Madeline
