odey the strange-haired woman with sad singing lips
the child of pleasure unbound
her bud and bloom are tortured execution
a ritual awakening
transport transformation
in her altar of temptation
taste of bliss. annunciation
treasure book and temple
eternal idol mystica
the sweet meat - love and holy cult
ravished demons speak in tongues
soak emotion dogs
bhveeÃ,Â·mwocrdÃ,Â·uption of
lost in the labyrinth
thunderbolt sensation
cabalistic kiss the electric spectre
sleepwalker dream-hunter
nightmare tempest
discharge orage and please my mind
we reap the fruit
we're calling the vultures
a terrible joy
