I heard your voice in my mind - you were lying  
I saw you under the door - you were sleeping  
An ocean bleeds in your veins - now you're melting  
Your hand holds onto the sun - protecting  
The air is red and cold - in your insides  
I feel your tongue in my mind - caressing  
I feel your eyes in mine - remembering  
You peel my body away - you're emerging  
I put my mouth on your name - and I swallowed  
I heard a sound in your chest - it was hollow  
Your hand was under my skin - yes I'm follow  
I'll curl my body inside - to see through you  
I love you more than my mind - but I'm lying  
I can't remember the words - but I loved you  
I can't remember my name - you live through me  
I can't remember the words - now I'm lying  
I can't go on with the song - but you're singing.
