Woah, this heart of mine, this heart of mine  
Jesus changed this little heart of mine  
I'm gonna walk right, I'm can talk right  
Since He changed this heart of mine

This little heart of mine, yes, this heart of mine  
Jesus has changed, child this little heart of mine  
I can walk right, truly I can talk right  
Since God changed this heart of mine

Well, you get to Heaven, yes, before I do  
I'll tell the Lord of my friends that I'm coming straight  
on too  
I'm gonna see my Savior there, I'm gonna eat at the  
welcome table  
He changed this heart of mine

This heart of mine, yes, heart of mine  
Jesus changed this heart of mine  
I can walk right, truly I can talk right  
Since He changed this heart of mine

Woah, this heart of mine, this heart of mine  
He's changed this heart of mine  
And I can walk right, I'll surely talk right  
Since He changed this heart of mine

Wind in the valley in those days  
So God have it, say it all day  
Ain't that stuff too, Gospel power  
Oh, my Lord coming from a journey now

Oh, this heart of mine, heart of mine  
Jesus changed Lord, heart of mine  
I can walk, I'm gonna talk  
Since He changed this little heart of mine
