Oh, you know the day will surely come
(Day will surely come, day will surely come)
When all the saints, child, must gather home
(Day will surely come, day will surely come)

And I don't wanna be rated
(Day will surely come, day will surely come)
I want to hear Him say, ?Servant, well done?
(Day will surely come, day will surely come)

I wanna join that heavenly choir
(Day will surely come, day will surely come)
In that sweet home by by and by
(Day will surely come, day will surely come)

I'm gonna press on for that day
(Day will surely come, day will surely come)
Yes, surely will come, yes my Lord
(Day will surely come, day will surely come)

I know the day will surely come
(Day will surely come, day will surely come)
When all God's saints gonna gather home
(Day will surely come, day will surely come)

You know I, yes I wanna be rated
(Day will surely come, day will surely come)
I wanna hear God say, ?Well done?
(Day will surely come, day will surely come)

Woah, I wanna join, yes the heavenly choir
(Day will surely come, day will surely come)
In that sweet home by by and by
(Day will surely come, day will surely come)

I'm gonna press on, yeah, for that day
(Day will surely come, day will surely come)
Yes, surely will come, yes my Lord
(Day will surely come, day will surely come)

I know the day will surely come
(Day will surely come, day will surely come)

When the world gathers down
(Day will surely come, day will surely come)

The day will surely come
(Day will surely come, day will surely come)
When I have my rich one
(Day will surely come, day will surely come)

I hear what they say, in the sweet by and by
(Day will surely come, day will surely come)
Oh, the day will surely, surely come, oh, Lord
(Day will surely come, day will surely come)

The day will surely come
The day will surely come
The day will surely come

I wanna join heavenly choir
(Day will surely come, day will surely come)
In that sweet home by, by, by
(Day will surely come, day will surely come)

I'm pressing on for the day
(Day will surely come, day will surely come)
Surely will come
(Day will surely come, day will surely come)

Oh, I wanna reach my home, all my loved ones just
gone
I wanna sing in the heavenly choir, would you tell God
Yes, I gonna jump, jump, jump I'm gonna do it
