"Happy Christmas Everybody"

Visit "[Happy Christmas Everybody](#)" on MotoLyrics.com

Happy, Happy Christmas everybody
It's the time of year to love someone

Almost home to come in from the storm
It's cold outside but there's a fire to keep us warm
I'll hold you tight and close the mistletoe is hanging
high
It won't be long 'till morning comes and I'll be by your
side

I'm coming home, my love
I can't wait 'till I'm there

Singing Happy, Happy Christmas everybody
It's the time of year to love someone
Happy, Happy Christmas everybody
It's the time of year to love someone

It's Christmas eve wish I was home to stay
Snow and sleighbells it's the perfect holiday
Let's gather 'round with family and sing around the
tree
Children wish for Santa Claus we all wish for peace

Drink some wine, It's Christmas time
Everyone is here

Singing Happy, Happy Christmas everybody
It's the time of year to love someone
Have a Merry Christmas everybody
It's the time of year to love someone

Happy, Happy Christmas everybody
It's the time of year to love someone
Happy, Happy Christmas everybody
Grab a cup of cheer your heart is home

Your heart is home
Oh your heart is home
