This aint camera  
This aint vado  
This is that rapper named sway, dasafo  
King of Picasso U-K's Movado  
Because I'm breaking bread with Jamaicans - hardough  
Black African they call me donny darko  
But in this mad world I'm fair - half bro  
I love money I take it from anybody  
and I'm never sorry when I leave an ex like heart broke  
See the horns, I've got them saying bravo  
Welcome to the delivery two, this is my parcel  
And I'm a Sheppard my staff is working hard  
So the only lambs that I'll be rollin with'll be gollado's  
Or phantoms, of the oprah  
Because I'm tryna make that money like harpo  
I got that tax free, dirty money in my hand see  
Got the whole team saying argro  
They got my back like barcodes  
Set up president even though most of us cant vote  
Because they got cases that cant close  
So much money involved bro you cant fold  
There's so many whips behind us  
I don't know if this is a slave ship or car show  
I talk a lot of s\*\*\*  
- Ima a\*\*hole  
Anyway, punta, kinte, the O.G  
I told you mudasukas that my name's not tobi  
Put me back on my boat please, I wana see cofee  
Anna, one hand up on the beach like oh see  
Chillin in the shades, and I aint talkin Oakley  
Sway's, always been the sun ray that they don't see

Prince Charles of the rap game, where? oh, me?  
Britains number one rapper everybody owes me  
So pay up, or don't sleep  
Better stay up, I'm coming to your home g  
Playing with my money's like playing with my emotions  
So ima start Robinsons smokey  
Here is sway again  
That's what the haters sayin  
From two thousand and eleven  
I got it covered like Arabians

They better run for cover  
Coz I'm coming for the game again  
And they wont see my face,  
Like the cover of casabian  
Left me in the rain and now this brothers got his flame  
again  
I'm ready to aim-I'm back in the gym ready to train  
again  
Careerin it all rocky but I'm blamin it on Adrian  
My age is tweny eight so I got no space to be playin  
Seekin the space to flow he's outa this world I fink he's  
alien  
Ready to face off with anybody face to face wid em  
The animal has just escaped from nicolas's cage again  
Your crew are from the apes, well I'm ready to raider  
theme  
And I aint stopping at the white flag like a Canadian  
Red I'm gona be paintin them without a new leaf  
I'm ready to draw the blood of anyone using my name  
in vain again  
And I will go insane if they don't let me in the game  
I'll go into the palladium with pockets full of uranium  
ready to explain A-GEN
