(DCY vs BBK Remix)

It's Sway representing team DCY
It's JME representing BBK

We level up and it's definitely Time
To level up
what you gonna do?
Ohhhhhh Snap

Yeah we level up

From when you hear that track start
It's a Straight 9 on the gas mark
You better grab your gas Mask

Time to level up

Both Been in this game since 03
N' Still Mc's Can't Catch up
Serious
Yh! We level up

Chorus:

I'm gonna climb up the level so harder
Lights flash every time we go up
I'll never lose the game I'm gonna last
Till i start

What happens when DCY meets BBK
Ya betta get it on tape TBK
Predators of the beat get enhanced again
Can't ya see that we need prey
My boy J n' I
All over the iTunes no playin about
I got a Youtube, game like zerkaa
Thumbs up from ma brudda KSI
Wonna know where the man
Then your gunna need sky plus
Swear down your gunna rewind
Yh we light up the track like arsen

Get a brudda gutta, but I'm on the Three Lions
I rep for the street like fifa
Can't wait to reach Ibiza
Ya goal is to do straight Shots
Trust me we won't need no keeper.

From when you hear that track start
It's a Straight 9 on the gas mark
You better grab your gas Mask
Time to level up

Both Been in this game since 03
N' Still Mc's Can't Catch up
Serious

Lights flash every time we go up
I'll never lose the game I'm gonna last
Till i start

I wear Sunglasses i can't take the stares
Ya not on my level I Can't take the stairs
You wanna level up but nobody cares
Coz we have been leveling up for years
Trust
Jme and Sway
OK jump on the beat and spray
Nobody can afford to level up
I don't know who told you it's a free country
Up, up, up n' away
I fly high to the top of ma jays
I fly by on my high top jays
And the wings on my Do-Rag Making em Sway
We are not on the same level
Like the world level backwards
So settle down, Don't heckle us
Coz now we bout to level up
Looking in the mirror n I feel like i'm famous
Like my First album wern't a question but a statement
Today could be the days that everything changes
Manchester to glasgow we're tearing up stages
One moment your whole world re-arranges
I'm Jammin on my Sega Raaaaww been Playin for ages
Forever Rolling gangster looking like
Free my little brother people askin where clays is.

From when you hear that track start
It's a Straight 9 on the gas mark
You better grab your gas Mask

Time to level up

Both Been in this game since 03
