As far girls go, she was my bestfriend.  
i go to pick her up, but she aint dressed yet.  
i told her that ive cancelled, so she aint crippled yet.  
just so i could suprise her, never forget get.  
three days before it happened, we were in the west  
end.  
we were about to catch a movie, after we just ate.  
see we would talk for hours, was like we just met.  
we had a thing before, but now were just friends.  
i told her everything, she showed me everything.  
she told me anything, i would give anything.  
just to see her smile at me, or just to see her smile at  
me.  
wake up from her sleep so an i expect to see her whine  
at me.  
because i wasnt there, to tell her not to go.  
into the car that day, and end up on the road.  
when that car would crash, but she never lost her soul.  
shes in a coma hanging on, but she dosent wana go.  
because shes a star out here, and yeah shes on her  
own.  
everybody's praying for her, she aint on her own.  
i just wished that i coulda called her on her phone that  
day,  
and told her not to go that day.  
i just wana know why, god would make em when e  
knew that he would take em young.  
poor girls, one died on the scene and her name was  
patience.  
and the rest of them were patience, had everybody  
pasin up and down  
the hospital halls and praying and saying god dont  
take em please.

(Chorus)

Life is a blessing,  
But it feels like a curse when it's ending.  
When you lose the one you love  
We never question what god's plan is.  
Feels like your soul run away  
So why'd ya got to go away.  
Will see you again someday

'Cause i won't let you fade away.

(Verse 2)

the next day a second girl passes away and her.  
face is pasted all over the myspace to make it worse.  
i didnt know her but i know her name was D crystal.  
i know your family miss you, and i cant say the words.  
to describe this whole scenario, have to say it hurts.  
its an understatement, yeah im tryna pray but wil the  
prayers work.  
because we prayed for puff, but god still took him.  
but ama keep on praying, because gods still looking.  
and kaya's still sleeping, i wana wake her up.  
but gods still peeping, he wants to take her up.  
one of the few girls i know, that really aint curupt.  
she called herself the king of clubs, i call her the queen  
of hearts.  
tryna reassure her friends, but deep inside my heart  
would race.  
i wana ask her sister questions or even look her farther  
in the face.  
because i knew there could be news that would be hard  
to take.  
after days of hanging on, sadly kaya passed away.

(Chourus)

Life is a blessing,  
But it feels like a curse when it's ending.  
When you lose the one you love  
We never question what god's plan is.  
Feels like your soul run away  
So why'd ya got to go away.  
Will see you again someday  
'Cause i won't let you fade away.

(Verse 3)

If you've got abit of fire in you.  
listen, it means uve got abit of kaya in you.  
u need to use it to search for something higher in you.  
and you need to realise theres something higher then  
you.  
if you aim for the stars, and start admiring you.  
and lifes to short, to live without the fighter in you.  
prayers moves mountains, so hold up your hands.  
praying could change your life, but not go to plan.

(Chourus)

Life is a blessing,  
But it feels like a curse when it's ending.  
When you lose the one you love  
We never question what god's plan is.  
Feels like your soul run away
