SWEAT

Yeaeyeah (...)

Yesterday I was at peace with myself
Today is another story
I feel like they're watching me every second
And that is why I worry

And I just can't stand the stifling fact
that they're looking for me now
They know where I live
They know what I look like
And just don't ask me how

So I sweat
So I sweat
I'm so freaked I'm soaking wet
This is it

Aw yeah

This is it
Yeeeah hey

They've spiked my drink
Made me sink
Freaked me out so I can't think

So I sweat
So I sweat

Yeeeah hey
I gaze over my shoulder
every time I gotta cross the high street
I stare into the the ground
so as not to eyeball the ones that I meet
I guess police protection is out of the question
That much is becoming clear

This is such an outrage
It is a disgrace

the way they're fucking with little old me

Come on
Mmm...yeah

So I sweat
So I sweat
I'm so freaked I'm soaking wet

This is it
This is it

Yeeeah hey

They've spiked my drink
Made me sink
Freaked me out so I can't think

So I sweat
So I sweat

Yeeeah hey
I see their reflections
in car parts mirrors
and heavy fumes
and in Disney tunes

They talk without whispering
'cos they think I'm not listening
Like dolphins are singing
in ultra high wavelengths
they talk to me

That's just it you see
I just can't shut them off
All I do is sweat

Aah

Well
I come
I come
I come
I come alive

With a shiver
shiver
shiver down my spine

I can't believe
all the things that I see

I try to run
they hold on to me

Escape by foot won't get me far
And the bastards boobitrapped my car
I totally fucking fail to see
why this shit has to happen to poor little me

So I sweat
So I sweat
I'm so freaked I'm soaking wet

This is it
This is it

Yeeeah hey

They've spiked my drink
Made me sink
Freaked me out so I can't think

So I sweat
So I sweat

Yeeeah hey

So I sweat
So I sweat
I'm so freaked I'm soaking wet

This is it
This is it

Yeeeah hey

They've spiked my drink
Made me sink
Freaked me out so I can't think
