You walk so fake beside me
(So close but yet so far)
You know I see your problem
(So why can't you)
And now you walk behind me
(You call yourself a friend)
The stab in my back sets in
(So I stab you).

You walk alone inside your mind
(You walk alone inside your mind)

Why has it come to this?
In my mind will last forever
Through the darkness and endless pain
I search for my soul to remain

Acts of your mass deception
(Grow clearer in my head)
You're just a faded memory
(You're so confused)
I hope you learned your lesson
(Tail tucked between your legs)
You know it's not my fault
(You know the truth).

You walk alone inside your mind
(You walk alone inside your mind)

Why has it come to this?
In my mind we last forever
Through the darkness and endless pain
I search for my soul to remain.

Why has it come to this?
In my mind we last forever
Through the darkness and endless pain
I search for my soul.
Why has it come to this?
In my mind we last forever
Through the darkness and endless pain

I search for my soul to remain.
