Our hearts sealing all our fate  
I hear words that sound like you  
They stay with me, they're not true

Make them make up with you  
And yes, he is my only thought  
He now lives here mostly  
I asked him alone  
I'm missing myself mostly  
I feel itchy for you

Our hearts sealing all our fate  
I hear words that sound like you  
They stay with me, they're not true  
Our hearts sealing all our fate  
Still I wish it was a dream  
It's in our eyes we grieve  
I first start hear him move  
And then I really lost my cool  
We had given up  
Yeah, you miss the ocean  
And the sunshine  
I'm falling for both

Our hearts sealing all our fate  
I hear words that sound like you  
They stay with me, they're not true  
Our hearts sealing all our fate  
Still I wish it was a dream  
It's in our eyes we grieve

It's in our eyes we grieve  
I wish it was a dream

Stay and hear the tape  
The isles of me are who I said  
I need no more blood  
They exist for now  
They are loose spirits  
I fear morning

Our hearts sealing all our fate  
I hear words that sound like you  
They stay with me, they're not true  
Our hearts sealing all our fate  
Still I wish it was a dream  
It's in our eyes we grieve
