To fulfill what the future demands
We can stand on the edge
And look out into space
And be awed
By the wonders we see
We can all make a pledge
That the whole human race
Will become what we want it to be
Bring on tomorrow
Let it shine
Like the sun coming up on a beautiful day
It's yours and mine
We can make a difference
It's not too late
Bring on tomorrow
We can't wait
Long, long ago in a world we never made
We were children who were making believe
Closing our eyes
We were travelers in air
To a land we would not want to leave

But the fairy tale land, fades away as we grow

And we all have to say our goodbyes

And we now understand, that this world that we know

Can be ours if we open our eyes

Bring on tomorrow

Let it shine

Like the sun coming up on a beautiful day

It's yours and mine

We can make a difference

It's not too late

Bring on tomorrow

We can't wait

Bring on tomorrow

We can't wait

Bring on tomorrow

It's not too late

Bring on tomorrow

We can't wait

Bring on tomorrow

We can't wait

Bring on tomorrow

Let it shine

Like the sun coming up on a beautiful day

It's yours and mine

We can make a difference

It's not too late

Bring on tomorrow

We can't wait

Bring on tomorrow

We can't wait
